

11/08/2015

Dear Parents,

I am delighted to announce that the transfer of our school ownership from OETI to Al Omania Education Services has been completed.

Al Omania Education Services has successfully operated schools in Muscat since 2009. Their current schools are Azzan Bin Qais International School and Al Seeb International School. We are very proud to be the third school in this very successful group. Anybody associated with Education will tell you that both these schools are held in high regard by parents. They not only achieve excellent Academic results each year but they also have excellent modern facilities.

AL Omania has already committed to upgrade our existing education facilities with immediate effect. The areas we will focus on in the short term are:

- Upgrading all three Computer Laboratories
- Upgrading the Science Laboratory at Al Tareef.
- Installing 30 overhead projectors in both campuses.
- New teaching materials in KG and Foundation Phase.
- Installing an Astro turf Football field at Al Uwainat.
- Changing the current play areas from sand to artificial grass at Al Uwainat
- Increased shading at Al Uwainat.
- Upgrading the play area at Al Tareef.

I am also proud to announce that Al Omania Education Services are fully committed to build a new custom build school building in the near future. The new school building is a crucial part of our future plans that will see SIS become a World class Educational Facility. The building project is intended to start in the first quarter of this year.

Please note that with all of these changes taking place we will remain committed to our primary function that is Academics and we will continue to improve in this regard.

Please feel free to contact me or any of my Leadership team should you have any questions.

Yours sincerely,

Sharl Prinsloo  
Principal
